"ND 0489 6345. Mound."		(1)			
"That this is a broch is suggested by the character and curve of the wall of the small fragment of building here."		(2)			
"This is a grass-covered mound, 1.2m high, 14.0m E-W by 10.0m transversely, with a small pile of grass-covered stones on the top. Though artificial, there is now no evidence to suggest that this is a broch; nor could its nature be determined."		(OSFI:RD:22.10.1964)			
"No change to the previous field report."		(OSFI:JB:5.10.1981)			
"ND 049 635. Mound. Possible broch. On Knockglass Farm. Not visited."		(3)
