ALLT NAN SUIDHEAG
Enclosure; R19

NG25NE 31 2949 5632.

A sub-rectangular enclosure is situated on the N side of the Allt nan Suidheag, beside a cleft cut by an old course of the burn. It measures 9m from NNE to SSW by 7m transversely over rubble walls 0.8m in height and spread to 1.5m in thickness. Aerial photographs show that there is an area of rig 100m to the E (RAF CPE/SCOT/UK 175 No. 1314).
(WAT90 1005)
Visited by RCAHMS (PJD) 17 June 1990.
