52 TEXT	

"At NH 6802 3381 (a) crowning the levelled top of a natural knoll is a denuded circular stone-walled hut measuring c.16.0m between the centres of a wall spread to c.3.0m. The mutilated entrance is in the E." (OSFI:AA:10.2.71)

"There is no definite trace of contemporary cultivation in the area, a cultivated field. In woodland to the W are traces of walls and about 30.0m SW is a denuded sub-circular enclosure c.10.0m in diameter between the centres of a wall 1.0m wide, which are probably of later date."

"Hut surveyed at 1/2 500."
