52 TEXT			

"At NH 8707 4068 is a denuded circular stone-walled hut measuring c 10 5m in diameter between the centres of a wall spread to c 2 5m. The entrance is not evident. A clearance heap lies against the wall in the W arc. To the E of the hut, mainly on a S-facing slope, is an area of stone clearance heaps and occasional lynchets, forming a contemporary field system. Details of the fields are greatly obscured by neat but two can be seen to measure c. 30.0m by c. 20.0m and c. 20.0m by 15.0m." (OSFI:AA:3.2.1971)

"Area delineated on 6" sheet."

"Divorced survey at 1/10,000."
